SignIT™

Making admin more efficient for you
and your clients in a digital world

SignIT is an easy-to-use electronic signing tool that enables you to sign documents online in a few simple steps. SignIT it saves you time and money by allowing you to execute documents faster and avoid the hassle of printing, scanning and posting.

Benefits of SignIT

Improved service

Ease of signing creates a better experience for clients and practitioners.

Easy workflow

No need to print, compare, sign and scan physical copies of the documents.

Be notified

Once the document is executed, all parties receive a copy of the signed and dated document via email.

Stay secure

Tracked by the latest technology with a DocuSign audit trail report provided post transaction.
